

Commodity Credit Corporation, USDA

§ 1410.5

§ 1410.3 General description.

(a) Under the CRP, CCC will enter into contracts with eligible participants to convert eligible land to a conserving use during the contract period in return for financial and technical assistance.

(b) A participant must obtain and adhere to a conservation plan prepared in accordance with CRP guidelines, as established and determined by CCC. A conservation plan for eligible acreage must be obtained by a participant and must be approved by the conservation district in which the lands are located unless the conservation district declines to review the plan, in which case the provider of technical assistance may take such further action as is needed to account for lack of such review.

(c) The objectives of the CRP are to cost-effectively reduce water and wind erosion, protect the Nation's long-term capability to produce food and fiber, reduce sedimentation, improve water quality, create and enhance wildlife habitat, and other objectives including encouraging more permanent conservation practices and tree planting.

(d) Except as otherwise provided, a participant may, in addition to any payments under this part, receive cost-share assistance, rental or easement payments, tax benefits, or other payments from a State or a private organization in return for enrolling lands in CRP. However, a participant may not receive or retain CRP cost-share assistance if other Federal cost-share assistance is provided for such acreage under any law, as determined by the Deputy Administrator. Further, under no circumstances may the cost-share payments received under this part, or otherwise, exceed the cost of the practice, as determined by CCC.

§ 1410.4 Maximum county acreage.

(a) Except as provided in paragraph (b) of this section, the maximum acreage that may be placed in the CRP and the WRP may not exceed 25 percent of the total cropland in the county; further, no more than 10 percent of the cropland may be subject, in the aggregate, to a CRP or WRP easement.

(b) The restrictions in paragraph (a) of this section may be waived by CCC if

CCC determines that such action would not adversely affect the local economy of the county and that operators in the county are having difficulties complying with conservation plans implemented under part 12 of this title.

(c) These restrictions on participation shall be in addition to any other restriction imposed by law.

§ 1410.5 Eligible persons.

(a) In order to be eligible to enter into a CRP contract in accordance with this part, a person must be an owner, operator, or tenant of eligible land and:

(1) If an operator of eligible land, seeking to participate without the owner, must have operated such land for at least 12 months prior to the close of the applicable signup period and must provide satisfactory evidence that such operator will be in control of such eligible land for the full term of the CRP contract period;

(2) If an owner of eligible land, must have owned such land for at least 12 months prior to the close of the applicable signup period, unless:

(i) The new owner acquired such land by will or succession as a result of the death of the previous owner;

(ii) The only ownership change in the 12-month period occurred due to foreclosure on the land and the owner of the land, immediately before the foreclosure, exercises a timely right of redemption from the mortgage holder in accordance with State law; or

(iii) As determined by the Deputy Administrator, the circumstances of the acquisition are such that present adequate assurance that the new owner of such eligible land did not acquire such land for the purpose of placing it in the CRP; or

(3) If a tenant, the tenant is a participant with an eligible owner or operator.

(b) Notwithstanding paragraph (a) of this section, under continuous signup provisions authorized by § 1410.30, an otherwise eligible person must have owned or operated, as appropriate, the eligible land for at least 12 months before submitting the offer.
